

Game of Life

What does Gamification Teach?

Effective Teaching/Tutoring

Gaming fosters a sense of community, where newer users can be brought into the fold and brought up to speed.

1

2

Problem-Solving

Being able to take on a problem, communicate with your team members, and figuring out the solution

Sense of Community

Humans are social creatures, so gaming communities are pivotal to motivation and communication.

3

4

Conflict Resolution

Every team has their times of conflict, being able to focus on the end common goal of accomplishing the mission is key!

Team Building

Effective communication can be a positive outcome from a gamified training environment

5

6

Collaboration

Working together for the common goal. There is no I in team, and you can't do life alone!
